

TRANSPORTATION EQUITY TOWN HALL

WHY

Congressman John Mica (Florida), Chairman of the U.S. House of Transportation and Infrastructure Committee and Congressman Tom Reed (New York) are holding a Field Hearing at the Rochester Airport on February 18, from 3-5 p.m. regarding their priorities for the next transportation bill. However, a seat at their transportation roundtable is by invitation only.

Just because you haven't been invited to the "roundtable discussion" doesn't mean you don't have a voice! Come to NYSTE A's Transportation Equity Town Hall to share what YOUR transportation concerns and needs are. We will make sure that YOUR transportation priorities are delivered to Chairman Mica, Rep. Reed and other New York members of Congress.

WHAT

A forum on how we can shape federal and state transportation policies to create faster, cleaner, safer, healthier and more equitable transportation choices for all New Yorkers. Come share your transportation challenges and needs and we'll make sure that Congressman Mica hears us.

WHEN

Thursday, February 17, 2011
6pm to 8pm

WHERE

Rochester Central Library
Kate Gleason Auditorium
115 South Avenue

WHO

Anyone interested in learning more about how federal and state transportation policy impacts New York communities and connecting with other concerned groups and citizens across the state.
